**Operations Intelligence**

**1. Specialty Summary.** Performs operations intelligence functions to include collecting, analyzing, and evaluating intelligence information, and producing and providing various all source intelligence products and services in support of operational mission planning and execution and intelligence production activities. Related DoD Occupational Subgroup: 243.

## **2. Duties and Responsibilities:**

2.1. Performs operations intelligence functions to support training/exercise/contingency operations at operational units. Prepares training materials and presents air/mission crew intelligence training. Prepares and maintains intelligence displays. Presents intelligence briefings and drafts intelligence correspondence. Maintains GI&S/Intelligence databases, reference files and materials. Constructs, compiles, and annotates components of mission and route strips/folders, evasion plans of action, route portrayals, etc. Issues and receives mission materials. Performs mensuration functions utilizing precise positioning systems. Operates standard AF combat intelligence systems in support of unit mission requirements. Participates in unit training/contingency post-mission assessment, and intelligence debriefing and reporting functions.

2.2. Performs operations intelligence functions at intelligence analysis and production activities. Researches, analyzes, evaluates, and interprets all-source intelligence information to satisfy customer requirements. Disseminates intelligence via briefings, estimates, reports, etc., as required to support customer requirements. Drafts intelligence correspondence. Maintains GI&S/Intelligence databases, reference files, and materials. Prepares tailored intelligence products to satisfy customer requirements. Operates intelligence systems in support of unit mission requirements. Performs mensuration functions utilizing precise positioning systems. Participates in theater and force-level combat assessment functions.

## **3. Specialty Qualifications:**

3.1. Knowledge. Knowledge is mandatory of intelligence organizations and systems; collection and reporting system, procedures, and methods; intelligence information sources; techniques of identifying, collating, evaluating, and analyzing information; geographical and cultural aspects of foreign countries; enemy and potential enemy offensive and defensive military capabilities; special operations; procedures for acquiring, updating, and maintaining intelligence documents, maps, and charts; map and chart use techniques; capabilities and application of automated data handling and management systems; information security requirements; intelligence reference materials maintenance/update procedures; sensor system parameters; verification of imagery-derived intelligence information; basic radar theory; digital terrain and feature data bases.

3.2. Education. For entry into this specialty, completion of high school or general educational development equivalency is mandatory. Completion of courses in speech, journalism, geography, modern world history, statistics, algebra, geometry, or trigonometry is desirable.

3.3. Training.

3.3.1 1N031 completion of the Operations Intelligence Apprentice Course.

3.3.2. 1N051 Completion of the Operations Intelligence Journeyman (1N051) CDC, Courses A and B.

3.3.3. 1N071 Completion of the Operations Intelligence Craftsman (1N071) CDC.

3.3.4. Completion of F-16 Intelligence Formal Training Unit (IFTU) Basic or Transition Course as applicable.

3.4. Experience.

3.4.1. 1N031 None required.

3.4.2. 1N051 Qualification in and possession of AFSC 1N031 is mandatory. Also experience in functions such as preparing intelligence reports and correspondence; computing and plotting information from maps and charts; developing and maintaining target materials; or collating and evaluating intelligence information is mandatory.

3.4.3. 1N071 Qualification in and possession of AFSC 1N051 is mandatory. Also experience in functions such as target nomination and development; advanced research and analytical techniques and procedures; combat intelligence system applications and functions; intelligence display preparation and maintenance; mission folder construction, compilation, and annotation including mensuration; mission planning support; mission/aircrew intelligence training planning; and analysis and production of all-source intelligence analysis; intelligence personnel continuing education and training; and mission/aircrew intelligence training planning, preparation, and presentation are mandatory.

3.4.4. 1N091 Qualification in and possession of AFSC 1N071 is mandatory. Experience in functions such as managing activities within the intelligence process; preparing and providing intelligence support to operations, exercises, or simulations; or producing analytical studies is also mandatory.

3.5. Other.

3.5.1. For entry into this specialty an ASVAB score of General: 57 is required.

3.5.2. Maintain a Top Secret security clearance according to AFI 31-501; eligibility for Sensitive Compartmented Information (SCI) access is mandatory.

3.5.3. Must meet worldwide deployable standards IAW AFI 48-123.

3.5.4. For entry into this specialty, normal color vision and stereoscopic acuity equivalent to depth perception standards for flying Class 1 or Class 1A, with or without correction, as defined by AFI 48-123 is mandatory.

#### **4. Remarks.**

4.1. All questions regarding this announcement should be directed to SSgt Kimberley Brady at commercial (210) 925-6996 or DSN: 945-6996.

**SUBMIT APPLICATIONS TO:** 149 FSS/FSMPM  
ATTN: SSGT KIMBERLEY BRADY  
107 Hensley St., Ste 2  
San Antonio, TX 78236-0103

**NOTE: ALL APPLICATIONS MUST BE RECEIVED IN THIS OFFICE BY CLOSE OF BUSINESS ON THE CLOSE OUT DATE. APPLICATIONS THAT DO NOT MAKE THE DEADLINE WILL NOT BE CONSIDERED AND RETURNED WITHOUT ACTION.**
